Col Don Cunningham, Jr. joined Civil Air Patrol on December 1, 1959 with North Dade Comp Sqd. His first assignment was Asst. Supply Officer, moving on to Training, E.S., Commandant of Cadets and soon to Squadron Commander. He was instrumental in increasing the number of Cadets to 147. The squadron was then divided into 3 squadrons. Group 18 (now Group 9) was formed. At this point he held his first Wing position as Director of Personnel. He was "Sector Commander" under Col Owen; Chief of Staff under Col Casenove; did special mission work with Operations under Col Leali; E.S. under Col Cumler; D.O. and E.S. under Col Spieker;

then was appointed Wing I.G., a position he maintained through May 12, 1990. Col Cunningham's long term goal of being Florida Wing's Commander has been accomplished. What next Colonel? Region? National?

Col Cunningham is married to LTC Kay Marie Cunningham. They have one son and two daughters, (along with their spouses) are also active in Civil Air Patrol.

Col Cunningham hopes to bring new and fresh ideas to Florida Wing and he is setting his goals high.

All of us want to welcome you to Florida Wing and wish you a long and successful reign.

1990 FLORIDA WING CONFERENCE

Approximately 400 Seniors and Cadets were in attendance at the annual Florida Wing Conference held at the beautiful Wyndham Harbour Island Hotel, Tampa, FL on May 11-13.

A Senior and Cadet reception were enjoyed on Fri evening for everyone to get acquainted.

**COMMENTS BY
WING COMMANDER**
by Col Donald Cunningham, Jr.

Well, here it is **Father's Day 1990** and as I sit here in **Wing Headquarters** I think of the many members who give their time, and the families who accept their loved ones being absent during festivities, and it makes me very proud to be a member of this **Great Organization**, and being your **Wing Commander**.

Over the 50 yrs of our existence, our methods and faces have changed but the **"Real Mission"** has not. We must all be proud of those before us and those we must train to carry on the **Great Civil Air Patrol Program**.

We must honor those who have given the ultimate sacrifices and those who might give the ultimate sacrifices in the future, for they are the heirs.

As we welcome the summer vacations and activities related to this time of year, I congratulate the young people who will be taking part in the Encampments and Special Activities, and the seniors who willingly give their time and money to make this possible; the **U.S. Air Force L.O.'s** who do their job so well to make the facilities available to our cadets; the **Base Commander and Community Leaders** who go the extra step to make **Our Cadets the Leaders of Tomorrow**. May they always look up to **Civil Air Patrol** and its members as being a **First Class Operation**; only we together can make this happen.

As many of you know, I'm very active in the flying part of our program, search and rescue, special air missions and cadet orientation. I look for more flying requirements, more and better training for our members. Take advantage, it is for you that I seek this!

I will be visiting the Drill Comp, and hopefully all the encampments. Look for me, introduce yourself and let's talk about a positive **Civil Air Patrol Program** that we all love!

PUBLIC AFFAIRS

Florida Wing PAO

TRULY INSPIRING!! That's what **CIVIL AIR PATROL** is and should be to you. As your new Florida Wing Public Affairs Director, I am proud to be a part of CAP. As a former Cadet with 28 years in this terrific organization, I look forward to working alongside you in your Aerospace, Emergency Service and Cadet Leadership Programs -- I'm here to help **YOU** tell your story!

Briefly, there are several items for **ALL MEMBERS** to take note of:

1. Summer is coming with lots of activities. I look forward to seeing many points on your reports as you send our press releases and work toward your other PAO goals -- remember, take notes, pictures, and then **GET THE STORY OUT FAST!**

2. You can all help Public Affairs by **THINKING POSITIVE!** Promote all the great things about CAP. If you have any criticism, it belongs only in the ear of your Commander. We will go a lot further this way!!

3. PAO Training Seminars are being set up in combined Group areas. Watch your mailout for confirmed dates and locations. CAPF 17's will be required, and the seminars will be all day on a Saturday at locations selected by the Group Commanders convenient to their personnel.

4. One Mission PAO Seminar will probably have been conducted by the time this hist the press, but another is set in conjunction with an MC Training School (located TBA) 22 Sept 1990. Mark it down!

5. Your quarterly PAO reports should now be sent to FL Wg HQ. Mark them Attn: PAO, please!

Finally, have a **SAFE** summer, put on your positive "hat" (PA) and let's **ALL** work toward making this the most creative, productive effort - **GET THE WORD OUT - CAP IS GREAT!!**
