**HOW TO PACK YOUR GEAR:** Encampments require a significant amount of equipment be brought to the activity. The facilities that will be used are ideal for encampment and provide many exciting activities throughout the week. The living accommodations, however, do not have wall lockers or other storage systems. Therefore, the following packing guidelines should be used.

1. Choose a footlocker, suit case, or plastic tub that you can easily access equipment from. Duffel bags are not authorized because you must empty the contents of the bag entirely to get to something at the bottom – choose something that you can keep your property in at all times but still easily access everything. The encampment website will have additional information on suggested choices.
2. Bring uniforms on the hangars pre-pressed and wrinkle free. Garment bags if available should be used. Don't pack your uniforms in your main suitcase/footlocker/etc.
3. Summer months at Camp Blanding are extremely hot and dry. All Students will bring hydration gear to the encampment. The preferred type is the Camelback© or similar. The gear should match the camouflage pattern of the uniform worn or be plain black. Students may wear pistol belts or Light battle Equipment with canteens
4. Only pack what is on this list. If there is something you think needs to be brought but is not listed above, contact your flight sergeant or flight commander and ask the question. Do NOT bring something without permission.

**Any items found that are not on the equipment list will be confiscated and placed in contraband. Be accountable for your own actions and DO NOT pack anything not authorized on this equipment list. Bringing of unauthorized items or failure to disclose is grounds for dismissal from encampment.**
